Dear Admissions Committee,

I am honored to recommend **[Student's Name]** for admission to your esteemed institution. I have had the privilege of teaching her in both AP Biology and Chemistry over the past two years. Without hesitation, I can say that she is one of the most exceptional students I have encountered in my 20 years of teaching.

From the start, she demonstrated an impressive aptitude for science and an insatiable curiosity, driving her to explore knowledge well beyond the standard curriculum. In class, she consistently excels, showcasing remarkable analytical abilities and a thorough grasp of complex scientific concepts. Her exam scores and project work are consistently outstanding, but what truly sets her apart is her genuine desire to help her peers. She frequently organizes study groups and tutors classmates, showing a commitment to learning that goes beyond her achievements.
